About This Game

Ahoy matesys! Take charge of your fort defenses as hostile pirates invade to steal your treasure!

In this cannon-shooting spectacle, you will defend your fort's lighthouse from the onslaught of enemy pirates. Pirate Cannons AHOY! features the following game modes:

- **Standard Mode**

Keep your three treasure chests safe from enemy pirate ships. There is a five minute timer and each confirmed hit or ship sunk adds to your points score. If all three treasure chests are stolen, it's game over!

- **Sudden Death Mode**

If you lose one single treasure chest in this mode, it's game over! The stakes are high against the five minute timer. Each confirmed hit or ship sunk adds to your points score.

- **Mayhem Mode**

In this mode there is no timer and the game ends when all three treasure chests have been stolen by pirates! All confirmed hits and ships sunk reward DOUBLE points!

Each mode supports multiple dynamic weather and time of day settings to provide unique gameplay experiences and visuals.
